# LED High Bay

*A clear winner for industrial lighting*

The Greenline by Omega LED High Bay offers excellent cost savings and flexible options for a wide range of industrial uses.

The stand-alone Gear (GHB150W) has a wide 120° Beam Angle with a High Temperature Meanwell Driver and Philips LED Chips for long term use.

The Beam Angle can be altered to 90° or 70° with the addition of two optional Reflectors (GHBAL90D and GHBPC70D).
